Heat pumps

OVERVIEW OF THE SERIES

II GENERATION M-THERMAL

heat pumps in **ALL-IN-ONE** version with wide range of application:

- / mono and split version
- / central heating, DHW
- / cooling
- / operating outdoor temperature range: for heating: -25-35°C; for cooling: -5-43°C; for DHW: -25-43°C

4,0 – 30,0 kW Heating capacity

NEW

COMBO

- / available in version with additional built-in heating coil
- / production of domestic heat water
- / cooling with discharge air
- / antilegionella function

2,3 (3,0) kW Heating capacity

Tank volume
168 - 280 l

MODULAR CHILLERS

- / possible to connect together up to 16 units
- / compatible with fan coils and air-handling units
- / stable operation in extreme conditions from -20 - 43°C

26,0 - 82,0 kW Cooling capacity

32,0 - 90,0 kW Heating capacity

NOXA

NOXA is a brand that offers reliable, intuitive and aesthetic products. And what is the most important – they suit every budget.

Yes, it is possible – air-conditioning, heat recovery or heat pumps need not to go beyond the household budget. According to the technological researches, comparison analysis and consumer surveys, the users have found the NOXA units as “just right” solutions. Good price goes hand in hand with technology and efficient functioning.

NOXA is available on Polish and European markets and its range and way of operation considers all climate conditions. Units are manufactured in Asia, where you can find the newest production lines of all air-conditioning top brands and that proves its reliability.

NOXA HAPPY

HAPPY AIR-CONDITIONER

- / compact dimensions
- / easy installation
- / snow-white panel
- / WiFi (option)
- / bio HEPA filter (option)
- / operating temperature range: for heating: -15~32°C;
for cooling: -16~48°C

 **2,6 - 7,0 kW** Cooling capacity
 **2,8 - 7,0 kW** Heating capacity

NOXA FAMILY

JOY SERIES AIR-CONDITIONER

- / cooling
- / cooling and heating
- / mobile design

 **2,6 - 3,5 kW** Cooling capacity
 **2,9 kW** Heating capacity

SMILE SERIES AIR-CONDITIONER

- / cooling
- / cooling and heating
- / mobile design

 **2,3 - 3,4 kW** Cooling capacity
 **2,3 - 2,7 kW** Heating capacity

NEW

Fan coils

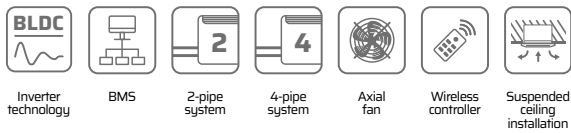

NOXA AQUA

4-WAY CASSETTE

- / standard and compact version
- / 2- and 4-pipe
- / DC and AC motor

1,65 - 11,2 kW Cooling capacity
2,2 - 15,0 kW Heating capacity

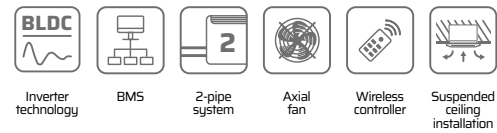

1-WAY CASSETTE

- / compact design
- / 1-way air-flow
- / 2 size variants

1,7 - 5,1 kW Cooling capacity
2,5 - 6,5 kW Heating capacity

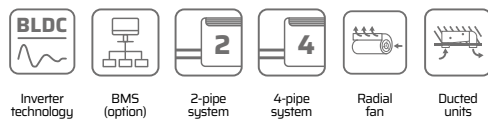

DUCTED

- / quiet operation
- / version with a single heat exchanger (2-pipe) and two heat exchangers (4-pipe)
- / DC and AC motor

0,8 - 11,8 kW Cooling capacity
1,4 - 20,1 kW Heating capacity

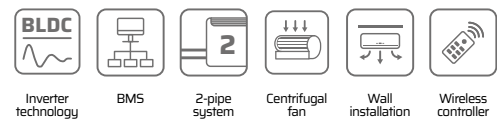

WALL-MOUNTED

- / 2 panels available
- / easy installation
- / DC and AC motor

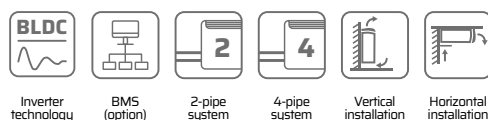

1,7 - 5,0 kW Cooling capacity
2,6 - 6,7 kW Heating capacity

CEILING-FLOOR

- / version with and without housing
- / 3 methods of installation
- / only 200 mm of depth

0,9 - 8,3 kW Cooling capacity
0,9 - 8,7 kW Heating capacity

Heat recovery and air curtains

NOXA AIR

WRV WALL-MOUNTED HEAT RECOVERY VENTILATOR

- / mode changeover
- / 8 fan speeds
- / noise level of 23 dB(A)
- / reading of humidity level and concentration of PM 2.5 particles in air

 150 m³/h Capacity

ERV HEAT RECOVERY UNIT

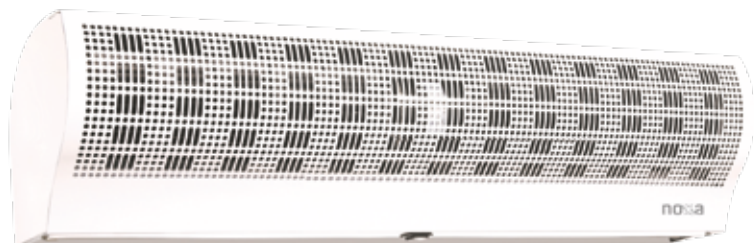

- / advanced filtering system
- / 10 fan speeds
- / night free-cooling
- / interconnection with CO₂ and humidity sensors
- / set of filters (pre-filter, with active carbon, HEPA)
- / possible to add an advanced controller

 150 – 2000 m³/h Capacity

BLUE KING AIR CURTAIN

- / width: 1 000, 1 500 and 2 000 mm
- / cold and hot (electric) version
- / air-flow velocity up to 20 m/s
- / door contact
- / wireless controller
